In dividing or segmenting markets, researchers typically look for common characteristics such as shared needs, common interests, similar lifestyles or even ... Fri, 07 Dec 2018 22:34:00 GMT Market segmentation - Wikipedia - Labor market segmentation is the division of the labor market according to a principle such as occupation, geography and industry.. One type of segmentation is to define groups "with little or no crossover capability", such that members of one segment cannot easily join another segment. This can result in different segments, for example men and women, receiving different wages for the same work. Wed, 05 Dec 2018 16:53:00 GMT Labor market segmentation - Wikipedia -
